NMA Southeast Region Peach Council

Members of NMA... the leadership development organization

Who We Are

The NMA Peach Council is a regional organization comprised of National Management Association (NMA) chapters and independent members located throughout Georgia, South Carolina, North Carolina, and Florida.

The purpose of the Council is to provide a forum for Chapters to come together to strengthen their individual Chapter operations. They provide opportunities for Chapter officers and members to work together with other Chapter leaders to share experiences, network, and benchmark best practices. Through this exchange of information and ideas, Council delegates are able to build on the proven successes of other activities and programs.

Council delegates are appointed by their Chapters and meet quarterly throughout the year.

The NMA Leadership Model

Fundraising

The Peach Council is a non-profit organization. Funds are obtained through annual membership and quarterly meeting dues. To conduct the regional speech contest and provide scholarship dollars to our winners, the Council conducts annual fundraisers with grand prizes such as: iPad Air; a Bahama cruise for two; and other prizes.

Speech Contest

The NMA Leadership Speech Contest is open to students in grades 9-12 and is a unique opportunity to research, write, and present a 4-6 minute address to an NMA audience. The subject? Leadership: What it is, what comprises its attributes, who personifies your definition of a "leader", or whatever else works its way into the students' understanding of the subject. NMA chapters reach out to home-schooled students and area high schools to hold local contests. Winners advance through regional competitions and four finalists receive airfare and room costs to the NMA Annual Conference and compete for a \$4,000 top prize.

Training and Education

Foundations of Management (FoM) establishes a firm foundation for making sound decisions, problem solving, and communicating.

Certified Manager® (CM) certification validates competencies essential to quality management practice in today's workplace for experienced managers seeking recognition and career advancement.

Business Training Experts (BTE) series offers practical skills training that is easy-to-use, affordable, and minimizes employee's time away from the job!
